

VBC ASSOCIATE MEMBERS IN 2021

*with appointment to the College of Graduate Studies (COGS)

The Vascular Biology Center offers an Associate Membership to those who have research interests in the area of vascular biology to improve communication and strengthen collaborative efforts. All Associate members have access to VBC equipment and facilities. Associate Members do not have salary and administrative support through the VBC but rather through the departments of their primary appointments. Associate Members may be involved with Training Grant and Program Project Grant applications.
