

## **Registration/**Licensure** Disclosure Statement**

Students of Augusta University Clinical Laboratory Sciences (CLS) Program may obtain registration in Georgia and South Carolina after passing the CLS/CLT national certification. This certification examination allows one to apply for registration **or licensure** in any state. This examination is administered by the American Society for Clinical Pathology (ASCP) at website: <https://www.ascp.org/content/board-of-certification> .

For specific information regarding states that require licensure, students may visit the following site: <https://www.ascls.org/advocacy-issues/licensure> .
