**House Officer Request for Electronic Signature Privileges**

I the undersigned, desire to authenticate reports of my patients through the use of electronic signature applications approved by AU Health. I hereby acknowledge that I received instructions in the proper use and consequences of any misuse of my electronic signature. I understand that all results that are finalized with my security code will be treated as written signature with all the ethical, business and legal implications. All electronically signed documents placed in the patient medical record (including paper based records) are deemed legitimate chart documents.

I agree not to share my password with any other individual or allow any other individual to use the system once I have accessed it. I understand that I may have my password changed at any time by the administrator.

If I have reason to believe that the confidentiality and security of my password have been compromised, I will report this information to the system administrator or my supervisor immediately so that the suspect code can be deleted and a new code assigned to me.

I understand that my electronic signature privileges will be withdrawn if I allow any other individual to utilize my signature code/password. I understand that any misuse of my signature code/password or breach of security or confidentiality may constitute a violation of Federal or state laws or AU Health policies. Such a violation may result in disciplinary action, including formal reprimand, suspension of privileges, termination of employment, civil prosecution or federal criminal prosecution.
