

Curriculum Vitae
Martha Kennedy Terris, M.D., F.A.C.S.

Revised May 17, 2013

Address:

Georgia Regents University
1120 Fifteenth Street, BA-8414
Augusta, Georgia 30912-4050
Academic Office Telephone: (706) 721-9977
Academic Office Fax: (706) 721-2548
Clinic Telephone: (706) 721-7000
Clinic Fax: (706) 721-4444
eFax: (706) 243-4233
Email: mterris@gru.edu

Current Position:

Witherington Distinguished Chair of Urology (2011-present)
Georgia Regents University

Chair, Section of Urology (2011-present)
Georgia Health Sciences University

Professor, Department of Surgery, Section of Urology (2002 to present)
Medical College of Georgia School of Medicine

Professor, Department of Physician Assistant (2004 to present)
Medical College of Georgia School of Allied Health

Chief, Section of Urology (2005 to present)
Augusta Veterans Affairs Medical Center

Director, Urology Residency Training Program (2003 to present)
Medical College of Georgia

Previous Positions:

Interim Director, Comprehensive Cancer Center, Medical College of Georgia 2003-2006

Attending Urologist, Augusta VA Medical Center, Augusta, GA 2002-2005

Assistant Professor of Urology, Stanford University, Stanford, CA 1995-2002

Chief of Urology, VA Palo Alto Health Care System, Palo Alto, CA 2000-2002

Attending Urologist, Palo Alto VA Medical Center, Palo Alto, CA 1995-2000

Attending Urologist, Santa Clara Valley Medical Center, San Jose, CA 1998-2002

Academic Background:

Mississippi State University, B.S., 1982
University of Mississippi School of Medicine, M.D., 1986

Surgical Training:

Resident, General Surgery: Duke University Medical Center, 1986-1988
Resident, Urology: Stanford University Medical Center, 1991-1995

Fellowship Training:

Fellow, Urologic Oncology: Stanford University Medical Center, 1988-1991

Board Certification:

American Board of Urology (Certificate #11870), 1997 (recertified 2006)

Licensure:

Georgia Composite State Board of Medical Examiners (053046), 2003

Drug Enforcement Agency (BT1501976), 1988

Fluoroscopy Operator's License (RHC 134735), 1989

California Board of Medical Examiners (AO45004), 1988 (inactive)

Honors/Awards:

Mississippi State University Outstanding Woman in Science

Alpha Epsilon Delta Premedical Honorary (Vice President)

Northern California Urology Resident Competition, 1993 – 3rd prize

Northern California Urology Resident Competition, 1994– 1st prize

Northern California Urology Resident Competition, 1995– 2nd prize

American Urological Association Annual Meeting, 1996 – Best Poster of Session

Urology Times “Best of the AUA,” 1996

Northern California Urology Resident Competition, 1999 – 3rd prize

Michelson-Moreley Competition in the Biological Sciences, 1998 – 2nd prize

Federal Women's Program, Very Important Woman Award, 1998

Western Section American Urological Association, 1999– Best Poster of Session

Western Section American Urological Association, 1999 – 3rd prize Overall Poster

Bodner-Stegmann Award for Best Clinical Aid Western Section, AUA, 1999

Joseph F. McCarthy Physician Essay Contest, 2nd Prize, Western Section, AUA 2000

James L. Goebel Grand Prize, Best Overall Poster, Western Section, AUA, 2000

AUA /American Geriatric Society Essay Contest, 1st Prize, AUA Annual Meeting, 2001

Joseph F. McCarthy Physician Essay Contest, 2nd Prize, Western Section, AUA, 2001

Christine L. Manthos Mentoring Award from Society of Women in Urology, May 28, 2002

Miley B. Wesson Resident Essay Contest, 1st Prize, Western Section AUA, 2003 (faculty mentor)

Outstanding Poster Presentation, Society of Urological Oncology, 2003

Stanford Urology Resident Research Award, AUA Annual Meeting, 2004 (faculty mentor)

Resident Essay Contest, 3rd Prize Southeastern Section, AUA, 2004 (faculty mentor)

Georgia Urology Resident Research Competition 2nd Prize, 2004 (faculty mentor)

Resident Essay Contest, 2nd Prize Southeastern Section, AUA, 2005 (faculty mentor)

Georgia Urology Resident Research Competition 2nd Prize, 2006 (faculty mentor)

Georgia Urology Resident Case Presentation Competition 1st Prize, 2006 (faculty mentor)

Resident Essay Contest, 2nd Prize Southeastern Section, AUA, 2006 (faculty mentor)

Resident Essay Contest, 2nd Prize Southeastern Section, AUA, 2007 (faculty mentor)

Best Doctors in America 2007-2008

America's Top Doctors in Cancer 2007

America's Top Doctors 2007

Resident Essay Contest, 1st Prize Southeastern Section, AUA, 2008 (faculty mentor)

America's Top Doctors in Cancer 2008

America's Top Doctors 2008

America's Top Urologists 2008

Charlie Norwood VA Medical Center Employee of the Month, January 2009

Georgia Urology Resident Research Competition 2nd Prize, 2009 (faculty mentor)

Georgia Urology Resident Case Presentation Competition 2nd Prize, 2009 (faculty mentor)

Georgia Urology Resident Research Competition 2nd Prize, 2010 (faculty mentor)
Best Doctors in America 2009
America's Top Doctors in Cancer 2009
America's Top Doctors 2009
America's Top Doctors in Cancer 2010
America's Top Doctors 2010
Best Doctors in America 2010
America's Top Doctors in Cancer 2011
America's Top Doctors 2011

Society of University Urologists Executive Board, VA Representative, 2003-08

Society of Urologic Chairs and Program Directors Annual Meeting Program Chair 2010

Current Funding:

Title: Vitamin D Supplementation in Veterans with Early-Stage Prostate Cancer: A Randomized, Placebo-Controlled Study
Source: VA Merit Review
Role: Site Coordinator
Value: pending
Funding Period: pending

Prior Funding

National Peer-Reviewed Grants:

Title: Chemotherapy After Prostatectomy (CAP) For High Risk Prostate Carcinoma: A Phase III Randomized Study (CSP #553)
Role: Principal Investigator for Site
Source: Veterans Affairs Cooperative Studies Program
Value: \$1,250,000
Funding Period: 2/06 to 2/12

Title: Telephone Counseling to Manage GnRH Agonist Symptom Clusters in Black Men w/PCa (1R21NR010782-01A1)
Source: NIH/National Institute of Nursing Research
Role: Study Urologist and Co-investigator
Value: \$404,250
Funding Period: 9/26/08-7/31/10

Title: Personal Patient Profile-Prostate (P4): A Randomized, Multi-Site Trial (R01 NR009692)
Role: Site Urologist and Co-investigator
Source: NIH/National Institute of Nursing Research
Value: \$91,597
Funding Period: 9/20/06-12/31/09

Title: Interactive CD Rom for Prostate Ultrasonography Instruction
Role: Principal Investigator
Value: \$10,000
Funding Period: 11/03 to 10/05

Title: "Phase II study of selenium supplementation on progression of prostate cancer"
Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)
Source: NCI/NIH (R01 CA77789-01)
Funding period: 10/98 to 9/02

Title: "Phase I-II study of selenium supplementation on progression of prostate cancer"
Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)
Source: Department of Defense (DOD PC970441)
Funding period: 3/99 to 9/02

Title: "Phase III study of selenium supplementation on progression of prostate cancer"
Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)
Source: National Cancer Institute/NIH (R01 CA79080-02)

Funding period: 2/00 to 9/02

Title: "Prostate Cancer Intervention Versus Observation Trial (PIVOT): A Randomized Trial Comparing Radical Prostatectomy Versus Palliative Expectant Management for the Treatment of Clinically Localized Prostate Cancer – CSP #407"

Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)

Source: VA Cooperative Studies Program (#407)/National Cancer Institute

Funding period: 10/98 to 9/02

Title: "Treatment Decisions in Prostate Cancer Patients"

Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)

Source: VA Cooperative Studies Program/National Cancer Institute

Funding period: 6/99 to 7/02

Title: "Culture of Urothelial Cells for Bladder Reconstruction"

Role: Principal Investigator

Source: Veterans Affairs New Investigator Award

Funding period: 10/97 to 9/99

Title: "Culture of Urothelial Cells for Bladder Reconstruction"

Role: Principal Investigator

Source: National Kidney Foundation Grant

Funding period: 12/97 to 11/98

Title: "Sensitivity and Specificity of Transrectal Ultrasound Guided Biopsies"

Role: Principal Investigator

Source: Women in Urology

Funding period: 1/98 to 1/99

Title: "Response of normal human and porcine urothelium to growth factors"

Role: Principal Investigator

Source: Society of Women in Urology

Funding period: 2/99 to 2/00

Title: "Selenium and Vitamin E in Prostate Cancer Prevention"

Role: Principal Investigator, Palo Alto Site (Multi-Institutional Study)

Source: VA Cooperative Studies Program (#499)/National Cancer Institute

Funding period: 9/01 to 9/02

Local Peer-Reviewed Grants:

Title: Georgia Cancer Coalition Clinician and Scientist Award

Role: Principal Investigator

Source: Georgia Cancer Coalition

Value: \$1,250,000

Funding Period: 1/04 to 12/08

Title: Managing Prostate Cancer Burden in African Americans, Georgia Cancer Coalition,

Role: Study Urologist and Co-investigator

Source: Georgia Cancer Coalition

Value: \$42,592

Funding Period: 9/05-09/07

Title: "Culture of Urothelial Cells for Bladder Reconstruction"
Role: Principal Investigator
Source: Stanford Dean of Research's Research Incentive Fund
Funding period: 1/97 to 1/99

Title: "Characterization of Polyglactin Mesh for Neurogenic Bladder Reconstruction"
Role: Principal Investigator
Source: Paralyzed Veterans of America
Funding period: 6/96 to 6/97

Title: "Risks and Complications of Transrectal Ultrasound Guided Needle Biopsies"
Role: Principal Investigator (Resident recipient: Larissa Rodriguez, M.D.)
Source: Earl F. Nation Resident Scholarship
Funding period: 9/97

Title: COX-2 Inhibitors in Radical Prostatectomy Patients at High-Risk for Recurrence
Role: Principal Investigator
Source: Stanford Cancer Council Steering Committee
Funding period: 10/01 to 9/02

Industry-Sponsored Grants:

Title: Zometa for the Prevention of Bone Metastasis in Patients with Prostate Cancer
Role: Principal Investigator for Site and Scientific Executive Committee for entire project
Source: Novartis, Inc.
Value: per patient
Funding Period: 1/04 to 3/07

Title: The Use of Zoledronic Acid in Men on Androgen Deprivation Therapy for Prostate Cancer with Preexisting Osteoporosis
Role: Principal Investigator for Site and Scientific Executive Committee for entire project
Source: Novartis, Inc.
Value: per patient
Funding Period: 4/05 to 3/07

Title: "Comparison of Three Dosing Regimens of Eulexin"
Role: Principal Investigator
Source: Schering Oncology Biotech Laboratories
Funding period: 10/96 to 9/02

Title: "Bacterial Seeding Following Transrectal Ultrasound Guided Prostate Biopsies"
Role: Principal Investigator
Source: C.H. Bard, Incorporated
Funding period: 6/96 to 6/99

Title: "Comparison of Two Dosing Regimens of Eulexin"
Role: Principal Investigator
Source: Schering Oncology Biotech Laboratories
Funding period: 10/97 to 10/99

Title: "Randomized Trial of TUNA vs TURP"
Role: Co-Investigator

Source: VidaMed, Incorporated
Funding period: 12/96 to 9/02

Title: "Phase I/II Dose Finding Trial of the Intraprostatic Injection of Calydon CV787, a Prostate-Specific Antigen Cytolytic Adenovirus in Patients with Locally Recurrent Prostate Cancer Following Definitive Radiotherapy."

Role: Principal Investigator

Source: Calydon, Inc.

Funding period: 4/00 to 3/02

Title: "Spectroscopic Identification of Prostatic Abnormalities"

Role: Principal Investigator

Source: Spectros, Inc.

Funding period: 5/98-7/99

Invited Lectures:

1. Mobile Urology Group. Ultrasound-guided random-systematic biopsy technique. November 15, 1988. Mobile, Alabama.
2. Symposium on Diseases of the Urinary Tract. Limitations of ultrasound-guided biopsies in stage A prostate cancer. April 7, 1989. Palo Alto, California.
3. Symposium on Diseases of the Urinary Tract. Significance of the 1 mm positive biopsy. April 7, 1989. Palo Alto, California.
4. Doctors Hospital Grand Rounds. Transrectal prostate ultrasound in clinical practice. October 27, 1989. Manteca, California.
5. Symposium on Diseases of the Urinary Tract. Transrectal ultrasound: Imaging and biopsies. March 15, 1990. Palo Alto, California.
6. Annual Session of the American College of Physicians. Ultrasound evaluation of the prostate. April 13, 1991. New Orleans, Louisiana.
7. Symposium on Diseases of the Urinary Tract. Current usefulness of transrectal ultrasound in diagnosis & treatment. April 19, 1991. Palo Alto, California.
8. Clinical Congress, American College of Surgeons. Transrectal ultrasound in prostate cancer screening. October 11, 1993, San Francisco, California.
9. University of Hong Kong Urology Grand Rounds. Advances in transrectal prostatic ultrasound. October 27, 1994. Hong Kong.
10. Biomarkers as Diagnostic Tools in Prostate Cancer, National Cancer Institute Workshop. Prostate specific antigen level as a predictor of an abnormal digital rectal examination. March 25, 1995. Seattle, Washington.
11. Oncology Grand Rounds. Screening modalities in the detection of prostate cancer. April 16, 1996. Palo Alto, California.
12. Women Veterans Advisory Council Lecture Program. Evaluation and treatment of female urinary incontinence. June 12, 1996. Palo Alto, California.
13. Critical Issues in Urology. Transrectal ultrasound in benign prostatic disease. October 23, 1996. Maui, Hawaii.
14. Critical Issues in Urology. Transrectal ultrasound and prostate needle biopsies in the diagnosis and staging of prostate cancer. October 24, 1996. Maui, Hawaii.
15. Breaking Through the Glass Ceiling in Women's Health Care. Urinary Incontinence-Diagnosis and Management. February 5, 1997. Menlo Park, California.
16. Symposium on Diseases of the Urinary Tract. Challenging Cases in Impotence and Incontinence. March 14, 1997. Palo Alto, California.

17. Oncology Grand Rounds. Superficial Bladder Cancer. April 22, 1997. Stanford, CA.
18. Louisiana State University Department of Urology Grand Rounds. Making the Most Out of Prostate Ultrasound and Biopsies. January 30, 1998, Shreveport, Louisiana.
19. Symposium on Diseases of the Urinary Tract. Transrectal Ultrasound. March 19, 1998, Palo Alto, California.
20. International Cooperative Study of Diagnostic Ultrasound and Prostate Cancer. Transition Zone Biopsies in Prostate Cancer Diagnosis. July 3, 1998, Tokyo, Japan.
21. Symposium on Diseases of the Urinary Tract. Trends in Prostate Biopsies: There's No Such Thing as "Too Many." March 18, 1999, Palo Alto, California.
22. Symposium on Diseases of the Urinary Tract. Problem Prostate Cancer Cases. March 19, 1999, Palo Alto, California.
23. Palo Alto Prostate Cancer Support Group. Hormonal Therapy for Prostate Cancer. July 20, 1999, Palo Alto, California.
24. Palo Alto Prostate Cancer Support Group. Nutritional Therapies for Prostate Cancer. September 21, 1999, Palo Alto, California.
25. American College of Surgeons, Northern California Chapter Annual Meeting. Gene Therapy in Prostate Cancer. May 13, 2000, San Francisco, California.
26. Fiestrifi for Thomas A. Stamey, M.D., Prostate Biopsy Strategies: Past, Present and Future September 28, 2000, Palo Alto, California.
27. Stanford On The Road in Southern California. What's New in Prostate Cancer Diagnosis. March 10, 2001, Santa Ana, California.
28. Symposium on Diseases of the Urinary Tract. Evaluation of Advanced Transitional Cell Carcinoma Using PET. March 15, 2001, Palo Alto, California.
29. Symposium on Diseases of the Urinary Tract. TUNA March 15, 2001, Palo Alto, CA.
30. Symposium on Diseases of the Urinary Tract. Repeat Biopsy, TZ Biopsy: How and When. March 15, 2001, Palo Alto, California.
31. American Urological Association Annual Meeting. Plenary Session: Prostate Cancer Highlights. June 6, 2001, Anaheim, California.
32. Palo Alto Prostate Cancer Support Group. Prostate Cancer Question and Answer Session. July 17, 2001, Palo Alto, California
33. Symposium on Diseases of the Urinary Tract. Risk Factors for Prostate Cancer-an update. March 15, 2002, Palo Alto, California.
34. Symposium on Diseases of the Urinary Tract. Adjuvant radiation therapy after radical prostatectomy-Later. March 15, 2002, Palo Alto, California.
35. Fifteenth Annual Rinker-Witherington Society Meeting: Positron Emission Tomography in GU Oncology. February 15, 2003, Augusta, Georgia
36. Fifteenth Annual Rinker-Witherington Society Meeting: Ultrasound Guided Prostate Biopsies: Past, Present, and Future. February 15, 2003, Augusta, Georgia
37. AIUM 10th Congress of the World Federation for Ultrasound in Medicine and Biology: The Role of Prostate Ultrasound in the Evaluation of Diseases of the Prostate. June 1-4, 2003, in Montreal Canada.
38. Sixteenth Annual Rinker-Witherington Society Meeting: Do Younger Men Have Worse Biochemical Outcomes Following Radical Prostatectomy? February 15, 2004, Augusta, Georgia
39. Sixteenth Annual Rinker-Witherington Society Meeting: Time Delay from Prostate Biopsy to Radical Prostatectomy: Increase in Serum PSA Level and Gleason Sum, but Not Risk of Recurrence. February 15, 2004, Augusta, Georgia
40. International Cooperative Study of Diagnostic Ultrasound and Prostate Cancer, How many biopsies will we be doing in 2010? July 5, 2004, Kyoto, Japan

41. International Cooperative Study of Diagnostic Ultrasound and Prostate Cancer, How many biopsies are enough? July 8, 2004, Tokyo, Japan
42. International Cooperative Study of Diagnostic Ultrasound and Prostate Cancer, Characteristics of Asian American Veterans Undergoing Radical Prostatectomy: Results from the SEARCH Database. July 8, 2004, Tokyo, Japan
43. Department of Surgery Grand Rounds: Evaluating the Acute Scrotum. August 23, 2004, Medical College of Georgia Campus, Augusta, Georgia.
44. National Black Leaders In America: Why is Prostate Cancer Picking on Black Men? September 27, 2004, Department of Human Resources, Augusta, Georgia.
45. Georgia Cancer Foundation Town Hall: Meet the Experts. The Emerging Potential of Genetics, Genomics, and Gene Therapy in Cancer Prevention and Treatment. November 14, 2004, Atlanta, Georgia.
46. Lake Oconee Senior Center: Risk Factors for Prostate Cancer, December 14, 2004, Lake Oconee, Georgia.
47. Seventeenth Annual Rinker-Witherington Society Meeting: Optimizing Information from Prostate Biopsies. April 2, 2005, Augusta, Georgia.
48. Seventeenth Annual Rinker-Witherington Society Meeting: Gene Therapy in Urologic Oncology. April 3, 2005, Augusta, Georgia.
49. Association of Women Surgeons MCG Students Meeting: Prosthetics in Urology. April 16, 2005, Augusta, Georgia.
50. University of Mississippi Visiting Professor: How many prostate biopsies will we be taking in 2010? April 26, 2006, Jackson Mississippi.
51. University of Mississippi Division of Urology Grand Rounds: Understanding Gene Therapy for Urology Malignancies. April 27, 2006, Jackson, Mississippi
52. University of Mississippi Division of Urology Tumor Board: PET in Urologic Oncology. April 27, 2006, Jackson, Mississippi.
53. Us Too Prostate Cancer Support Group: Vaccines and Gene Therapy in Prostate Cancer. May 18, 2005, Augusta, Georgia.
54. American College of Surgeons Medical Student Program: What is Urology? October 16, 2005, San Francisco, California.
55. Department of Surgery Grand Rounds: Intestinal Urinary Diversion. December 19, 2005, Medical College of Georgia Campus, Augusta, Georgia.
56. Lake Oconee Senior Center: Urinary Incontinence, May 11, 2006, Lake Oconee, Georgia.
57. Veterans Affairs VISN 7 Research Overview: The Shared Equal Access Regional Cancer Hospital (SEARCH) Database Project. September 13, 2006, Atlanta, Georgia.
58. Georgia Urological Association Prostate Cancer Panel: Open Radical Prostatectomy. September 28, 2006, Sea Island, Georgia.
59. Us Too Prostate Cancer Support Group: Obesity and Prostate Cancer, January 16, 2007, Augusta, Georgia.
60. Society of University Urologists and Program Directors: Veterans Affairs Medical Center Affiliate Contracts and Urology Programs: Current Understanding, Insights, and Suggestions. May 18, 2007, Anaheim, California
61. Society of Women in Urology Panel Discussion Moderator: Localized Prostate Cancer: Let the Punishment Fit the Crime. May 22, 2007, Anaheim, California.
62. Southwest Georgia Cancer Symposium: Obesity and Prostate Cancer, October 12, 2007, Tifton, Georgia.
63. Impact of Agent Orange Exposure on Prostate Cancer Incidence and Outcome. MCG Cancer Prevention & Control Meeting. March 31, 2008, Medical College of Georgia Campus.

64. Update from the ACGME. AUA Southeastern Section Young Urologists Forum, March 22, 2010, Miami, Florida.
65. Urology Match. What's Next? Society of University Urologists Annual Meeting, May 28, 2010, San Francisco, California.
66. Future of the Urology Work Force. Georgia Urologic Association Annual Meeting, September 12, 2010, Sea Island, Georgia.
67. Prostate Cancer Screening. MCG 4th Annual Hematology/Oncology Symposium, October 2, 2010, Savannah, Georgia.
68. Impact of Urology Work Force on Clinical Practice. Southeastern Section American Urological Association 74th Annual Meeting, March 19, 2011, New Orleans, Louisiana.
69. TRUS – Is Current Prophylaxis Current and Appropriate, Society of Women in Urology Leaders in Urology Forum, May 16, 2011, Washington, DC.
70. Grand Rounds Presentation: Intestinal Interposition in the Urinary Tract. GHSU Department of Surgery Grand Rounds, August 19, 2011, GHSU Campus
71. Grand Rounds Presentation: Robotic Surgical Training: Truth or Consequences. University of Medicine and Dentistry of New Jersey Department of Urology, New Brunswick, NJ, November 2, 2011
72. 33rd Annual Jackson Hole Urology Seminar, Do We Really Need Doppler, Elastography or Micro-Bubble Contrast to Improve Ultrasound-Guided Prostate Biopsies? February 10, 2013, Jackson Hole, Wyoming.
73. 33rd Annual Jackson Hole Urology Seminar, Which Patients are Better Served by Open Radical Prostatectomy than Robotic in 2013? February 12, 2013, Jackson Hole, Wyoming.
74. 33rd Annual Jackson Hole Urology Seminar, Intra-Operative Fluorescent Imaging using Indocyanin Green During Robotic Urology Surgery, February 12, 2013, Jackson Hole, Wyoming.
75. 33rd Annual Jackson Hole Urology Seminar, The Gift that Keeps on Giving: Management of Patients with Multiple Urologic Malignancies, February 13, 2013, Jackson Hole, Wyoming.
76. 33rd Annual Jackson Hole Urology Seminar, Increasing Fluoroquinolone Resistance in Post-Prostate Biopsy Infections, February 13, 2013, Jackson Hole, Wyoming.
77. 33rd Annual Jackson Hole Urology Seminar, Meningioma Growth Stimulation in Patients on LHRH Analogues for Prostate Cancer, February 14, 2013, Jackson Hole, Wyoming.
78. Georgia Urological Association 2013 Spring Meeting, Intra-Operative Fluorescent Imaging using Indocyanin Green During Robotic Urology Surgery, February 20, 2013, Lake Oconee, Georgia.

Course Instruction:

1. Transrectal Ultrasound Training Course, Stanford University, February 23-24, March 2-3, March 9-10, March 16-17, March 30-31, April 13-14, May 18-19, May 25-26, June 1-2, June 8-9, June 15-16, June 22-23, 1989. Stanford, California
2. Stanford Urology Residents Transrectal Ultrasound Training Program, Stanford University Medical Center, Stanford, California, July 3-7, 1995.
3. Administration of Intracavernous Alprostadil for Erectile Dysfunction. Palo Alto Veterans Affairs Health Care System Nursing Training Seminar. February 22, 1996
4. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. July 10, 1996, Palo Alto, California
5. Stanford Urology Residents Transrectal Ultrasound Training Program, Stanford University Medical Center, Stanford, California, July 1-5, 1996
6. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. July 19, 1997, Palo Alto, California

7. Administration of Intraurethral Alprostadil for Erectile Dysfunction. . Palo Alto Veterans Affairs Health Care System Nursing Training Seminar. June 5, 1997, Palo Alto, California
8. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. July 17, 1998, Palo Alto, California.
9. Clinical Research Opportunities for Undergraduate Students. Stanford Biology Club Lecture Series, November 18, 1998, Stanford, California.
10. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. July 23, 1999, Palo Alto, California.
11. Course on Urologic Problems for Primary Care Providers. Obstructive Symptoms and Medical Therapy, March 16, 2000, Palo Alto, California.
12. Course on Urologic Problems for Primary Care Providers. What If Your Patient Needs a Prostate Ultrasound or Biopsy. March 17, 2000, Palo Alto, California
13. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. July 14, 2000, Palo Alto, California.
14. Primary Care Education Series. Viagra and the VA Patient. February 21, 2001, Palo Alto, California.
15. Surgery (surg300A) Clerkship Orientation, Performing a GU Examination, April 23, 2001, Stanford, California.
16. Geriatric Research and Education Program. Prostate Cancer Update, April 27, 2001, Palo Alto, California.
17. Primary Care Education Series. Viagra and the VA Patient. April 30, 2001, Monterey, California.
18. Advances in Prostate Cancer Diagnosis. Stanford Medical Alumni Classes Without Quizzes, May 4, 2001, Palo Alto, California.
19. Surgery (surg300A) Clerkship Orientation, Performing a GU Examination, June 25, 2001, Stanford, California.
20. Paralyzed Veterans of America Summer Scholars Program. Introduction to Urology. June 27, 2001, Palo Alto, California.
21. Surgery (surg300A) Clerkship Orientation, Performing a GU Examination, August 20, 2001, Stanford, California.
22. Surgery (surg300A) Clerkship, Genitourinary Diseases, October 17, 2001, Stanford, California.
23. Erectile Dysfunction Advisory Panel. Future of Viagra. November 28, 2001. Palo Alto, California.
24. Primary Care Education Series. How Women Physicians Discuss Impotence with Male Patients. January 25, 2002. Los Altos, California
25. Surgery (surg300A) Clerkship, Genitourinary Diseases, January 30, 2002, Stanford, California.
26. Surgery (surg300A) Clerkship, Genitourinary Diseases, February 27, 2002, Stanford, California.
27. Primary Care Education Series. How Women Physicians Discuss Impotence with Male Patients. April 18, 2002. Los Gatos, California
28. Molecular Medicine Course for MD, PhD Students (MOL 9010): Clinical Implications of the Androgen Receptor, March 17, 2003, Medical College of Georgia Campus
29. Pathology for Medical Practice, 2nd Year Medical Students: (PATH 5240) Non-neoplastic genitourinary pathology, November 17, 2003, Medical College of Georgia Campus
30. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. January 13, 2004, Medical College of Georgia Campus
31. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Intestinal Urinary Diversion. January 14, 2004, Medical College of Georgia Campus
32. James B. Hudson Nephrology Update. Metabolic complications of urinary diversion. February 7, 2004, Augusta, Georgia

33. MCG Alumni Association CME course. What to do with an elevated PSA? February 28, 2004, Lake Oconee, Georgia.
34. Molecular Medicine Course for MD, PhD Students (MOL 9010): Clinical Implications of the Androgen Receptor, February 18, 2004, Medical College of Georgia Campus
35. Georgia Oncology Nursing Society CME Course. Update on Prostate and Testis Cancer. February 27, 2004, Augusta, GA.
36. Pathology for Medical Practice, 2nd Year Medical Students (PATH 5240): Prostate and Testis Neoplasms, March 3, 2004, Medical College of Georgia Campus
37. Georgia Urological Association Spring Meeting. Lessons learned from the SEARCH database. March 13, 2004, Lake Oconee, Georgia.
38. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. March 16, 2004, Medical College of Georgia Campus
39. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Intestinal Urinary Diversion. March 17, 2004, Medical College of Georgia Campus
40. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. April 20, 2004, Medical College of Georgia Campus
41. MCG Primary Care Update, CME course. What to do with an elevated PSA? April 23, 2004, Augusta, Georgia.
42. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. March 19, 2004, Medical College of Georgia Campus
43. Internal Medicine Review Course. Recent developments in urologic oncology. July 1, 2004. Sea Island, Georgia.
44. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. August 11, 2004, Medical College of Georgia Campus
45. Surgery Subspecialty Lecture, 3rd Year Medical Students (SURG 5000): Evaluating the Acute Scrotum. October 20, 2004, Medical College of Georgia Campus
46. Pathology for Medical Practice, 2nd Year Medical Students: (PATH 5240) Non-neoplastic genitourinary pathology, November 8, 2004, Medical College of Georgia Campus
47. MCG Mini-Med School World of Urology: Urinary Incontinence, November 9, 2004, Medical College of Georgia Campus.
48. Pathology for Medical Practice, 2nd Year Medical Students (PATH 5240): Prostate and Testis Neoplasms, November 10, 2004, Medical College of Georgia Campus.
49. Molecular Medicine Course for MD, PhD Students (MOL 8040): Clinical Implications of the Androgen Receptor, March 7, 2005, Medical College of Georgia Campus
50. Primary Care Issues in Renal, Endocrine and Metabolic Disease 2005: Metabolic Complications of Urologic Malignancies, October 21, 2005, Brasstown Bald Mountain, Georgia.
51. Pathology for Medical Practice, 2nd Year Medical Students: (PATH 5240) Non-neoplastic genitourinary pathology, February 7, 2006, Medical College of Georgia Campus
52. The 41st Annual Primary Care and Family Medicine Symposium: Metabolic Complications of Urologic Malignancies, February 9, 2006, Augusta, Georgia.
53. Molecular Medicine Course for MD, PhD Students (MOL 8040): Clinical Implications of the Androgen Receptor, March 22, 2006, Medical College of Georgia Campus
54. Physician Assistant Course: Urothelial, Renal Parenchymal, Testis, and Prostate Pathology, April 12, 2006, Medical College of Georgia Campus
55. The 41st Annual Primary Care and Family Medicine Symposium: Metabolic Complications of Urologic Malignancies, February 9, 2006, Augusta, Georgia.
56. Unlocking the Mysteries of Spasticity: Neurogenic Bladder Assessment and Management, May 6, 2006, Medical College of Georgia Campus.

57. Internal Medicine Review Course. Prostate Cancer Update. June 26, 2006. Kiawah Island, South Carolina.
58. Internal Medicine Review Course. Erectile Dysfunction for Primary Care. June 27, 2006. Kiawah Island, South Carolina.
59. Urology Research Elective (SURG 5352). December 2006. Medical College of Georgia Campus
60. Urologic Surgery Elective for Freshman Medical Students (SURG 5081) January-March 2007. Medical College of Georgia Campus
61. Molecular Medicine Course for MD, PhD Students (MOL 8040): Clinical Implications of the Androgen Receptor, March 2, 2007, Medical College of Georgia Campus
62. Unlocking the Mysteries of Spasticity: Neurogenic Bladder Assessment and Management, May 5, 2007, Medical College of Georgia Campus.
63. AUA Education Workshop for Chairs and Residency Program Directors: Tips for On-Line Completion of the PIF, July 14, 2007, Chicago, Illinois
64. AUA Education Workshop for Chairs and Residency Program Directors: Resident Evaluations, July, 15, 2007, Chicago, Illinois
65. Physician Assistant Course: Urothelial, Renal Parenchymal, Testis, and Prostate Pathology, July 20, 2007, Medical College of Georgia Campus
66. Urology Research Elective (SURG 5352). August 2007. Medical College of Georgia Campus
67. Urology Research Elective (SURG 5352). December 2007. Medical College of Georgia Campus
68. Urologic Surgery Elective for Freshman Medical Students (SURG 5081) January-March 2008. Medical College of Georgia Campus
69. Molecular Medicine Course for MD, PhD Students (MOL 8040): Clinical Implications of the Androgen Receptor, February 27, 2008, Medical College of Georgia Campus
70. Urology. MCG Medical Student Career Development. February 19, 2008, Medical College of Georgia Campus
71. Physician Assistant Course: Urothelial, Renal Parenchymal, Testis, and Prostate Pathology, April 16, 2008, Medical College of Georgia Campus
72. Urology. MCG Medical Student Career Development. January 15, 2008, Medical College of Georgia Campus
73. Urologic Surgery Elective for Freshman Medical Students (SURG 5081) January-March 2009. Medical College of Georgia Campus.
74. Urology. MCG Medical Student Career Development. February 19, 2009, Medical College of Georgia Campus.
75. Physician Assistant Course: Urothelial, Renal Parenchymal, Testis, and Prostate Pathology, April 1, 2009, Medical College of Georgia Campus
76. Urologic Surgery Elective for Freshman Medical Students (SURG 5081) January-March 2010. Medical College of Georgia Campus.
77. Urology. MCG Medical Student Career Development. February 12, 2010, Medical College of Georgia Campus.
78. Physician Assistant Course: Urothelial, Renal Parenchymal, Testis, and Prostate Pathology, April 13, 2010, Medical College of Georgia Campus
79. Urology. MCG Medical Student Career Development. February 7, 2011, Medical College of Georgia Campus.
80. Georgia Health Sciences University Mini Med School, Prostate Cancer, March 8, 2011, GHSU Campus

Presentations (*presenter):

1. Hodge, K.K., McNeal, J.E., **Terris, M.K.**, and Stamey, T.A.*: Random-systematic versus directed ultrasound guided transrectal core-biopsies of the prostate. Annual Meeting of the American Urological Association, May 7, 1989. Dallas, Texas.
2. **Terris, M.K.***, McNeal, J.E., and Stamey, T.A.: Correlation of transrectal ultrasound and histologic evaluation of the seminal vesicles in 300 patients. Annual Meeting of the American Urological Association, May 9, 1989, Dallas, Texas.
3. **Terris, M.K.***, Freiha, F.S., McNeal, J.E., and Stamey, T.A.: Sensitivity and Specificity of transrectal ultrasound based on evaluation of patients undergoing cystoprostatectomy for transitional cell carcinoma of the bladder. Annual Meeting of the American Urological Association, May 16, 1990. New Orleans, Louisiana.
4. **Terris MK**, Klonecke AS*, McDougall IR, Stamey TA: Utilization of bone scans in conjunction with PSA levels in the surveillance for recurrence of adenocarcinoma after radical prostatectomy. Annual Meeting of the Society of Nuclear Medicine. June 21, 1990. Washington, D.C.
5. **Terris, M.K.***, and Stamey, T.A.: Determination of prostate volume by transrectal ultrasound. Annual Meeting of the American Urological Association. June 5, 1991, Toronto, Canada.
6. Peehl, D.M., Wong, S.T., **Terris, M.K.***, and Stamey, T.A.: Culture of prostatic epithelial cells from ultrasound-guided needle biopsies. Annual Northern California Urology Residents Conference. December 7, 1991. Palo Alto, California.
7. Dietrick, D.D.*, McNeal, J.E., **Terris, M.K.**, and Stamey, T.A.: Systematic ultrasound guided prostate biopsy for preoperative evaluation of prostate cancer morphology. Annual Northern California Urology Residents Conference. December 7, 1991. Palo Alto, California.
8. **Terris MK***, McNeal JE, Freiha, FS, Stamey TA: Efficacy of transrectal ultrasound-guided seminal vesicle biopsies in the detection of seminal vesicle invasion by prostate cancer. Northern California Residents Conference. November 14, 1992. Sacramento, California. (*Third Prize*)
9. Lui, P.D., **Terris, M.K.***, McNeal, J.E., and Stamey, T.A.: Indications for ultrasound-guided transition zone biopsies in the detection of prostate cancer. Annual Northern California Residents Conference. August 21, 1993. San Francisco, California. (*First Prize*)
10. Perlash, I.*, **Terris, M.K.**, Iwakiri, J., Cowan, B., and Wolfe, V.: Laser sphincterotomy and ablation of the prostate using a sapphire chisel contact tip firing Nd:YAG laser. Annual Meeting of the American Urological Association. May 16, 1994. San Francisco, California.
11. Lui, P.D., **Terris, M.K.***, McNeal, J.E., and Stamey, T.A.: Indications for ultrasound-guided transition zone biopsies in the detection of prostate cancer. Annual Meeting of the American Urological Association. May 18, 1994. San Francisco, California.
12. Kabalin, J.N.*, and **Terris, M.K.**: Laser dosimetry studies in the human prostate. Western Section, American Urological Association. August 23, 1994.
13. Kabalin, J.N.*, and **Terris, M.K.**: Laser dosimetry studies in the human prostate. South Central Section, American Urological Association. August 28, 1994. Vancouver, B.C.
14. Hammerer, P.G.*, Nickas, M.E., **Terris, M.K.**, and Stamey, T.A.: A comparison of ultrasound findings in patients undergoing transperineal and transrectal prostate ultrasound. XLVI Congress of the German Urologic Association, September 16, 1994. Stuttgart, Germany.
15. **Terris, M.K.***, McNeal, J.M., and Peehl, D.M.: Human papillomavirus detection in benign and malignant prostate tissue. Annual Northern California Urology Residents Conference. March 4, 1995. Stanford, California. (*Second Prize*)
16. **Terris, M.K.***, McNeal, J.M., and Peehl, D.M.: Human papillomavirus detection in benign and malignant prostate tissue. Society of University Urology Residents. April 22, 1995. San Diego, California.

17. **Terris, M.K.***, Peehl, D.M., McNeal, J.E., Freiha, F.S., and Stamey, T.A.: Human papillomavirus detection in benign and malignant prostate tissue. Annual Meeting of the American Urological Association. May 5, 1996. Orlando, Florida.
18. **Terris, M.K.***, Pham, T.Q., Issa, M.M., and Kabalin, J.N.: Routine performance of transition zone and seminal vesicle biopsies in all patients undergoing transrectal ultrasound guided prostate biopsies is not indicated. Annual Meeting of the American Urological Association. May 5, 1996. Orlando, Florida. (*Best Poster of Session*)
19. Wallen, E., Stamey, T.A., and **Terris, M.K.***: Comparison of lateral versus midlobe systematic sextant biopsies in the detection of prostate cancer. Annual Meeting of the American Urological Association. May 5, 1996. Orlando, Florida. (*Included in Best of A.U.A. Meeting, Urology Times*)
20. **Terris, M.K.***, and Merguerian, P.A.: Systemic muscle relaxant in a premature infant mimicking posterior urethral valves. Annual Western Section Meeting, American Urological Association. July 27, 1996. San Diego, California.
