To make reservations please call 706-722-8900. Mention the "Ophthalmology Symposium" to get the negotiated room rate.

Purpose statement:

This meeting for ophthalmologists will cover areas of research and clinical innovation in our field. Ophthalmology residents will present research followed by our guest speakers.

Objectives:

- At the conclusion of this conference, the attendee will be able to:
- * Discuss pathology and management of the cornea
 - * Review the importance of corneal limbal stem cells in providing clarity to the cornea
 - * Refine diagnostic and management approaches to anterior uveitis
 - * Evaluate tissue for use in corneal transplantation
