What is OneUSG?

OneUSG is a systemwide initiative to develop and implement a consistent approach to policies, procedures and technology solutions that benefits all entities of the University System of Georgia (USG).

Through OneUSG, the University System Offices and campuses are coming together to reduce costs, streamline processes, and have consistent guidelines and procedures with centralized support.

What is OneUSG Connect?

The first priority is to bring the all institutions onto one technology solution, OneUSG Connect, to manage USG human resources activities, benefits and compensation.

The major components OneUSG Connect – payroll services, talent management, human resources management, time and attendance, and benefits administration – are unified and integrated into a single system.
