Testing and Disability Services

Phone: 706.737.1469

Fax: 706.729.2298

Criteria Explanation:

1. The person who tests you for the disorder and diagnoses you should be one of these three. **Other individuals may meet the qualifications to be an examiner or write your report, but check with us before you request documentation or complete a test with them to see if they fit the criteria.**
 - a) What are you diagnosed with? (The name and medical code)
 - b) What aspects of your daily life and functioning does the disorder impact?
 - c) Evidence that other reasons for any impairments, disturbances, etc. have been thought about and ruled out.
 - d) When were you diagnosed? How long may this diagnosis last and how severe is it?
 - e) What limitations has your diagnosis caused you academically?
 - f) What does the professional suggest to help you succeed academically?
 - g) This information helps with the support of your diagnosis and request for accommodations when we turn in our paperwork to the RCLD. They want to make sure the testing was recent enough, that the person who diagnosed you has the proper credentials to do so, and that the testing they did with you fits your needs.

These are the criteria established by the Georgia Board of Regents. If you have any questions, please feel free to contact our office at (706) 737-1469. Thank you for your assistance.
